

LOCKDOWN POLICY

Under the *Education and Care Services National Regulations* the approved provider must ensure that policies and procedures are in place for emergency and evacuation situations (regulation 168) and take reasonable steps to ensure those policies and procedures are followed (regulation 170) (ACECQA 2021).

Our OSHC Service is committed to the ongoing safety and wellbeing of children, staff, students, families and visitors. To achieve this, we will implement our Emergency Management Plan (EMP) which provides a clear plan to manage all emergency situations, including a plan for emergencies that may require our Service to go into lockdown and ensure our educators and staff are well equipped with the knowledge and expertise to respond effectively when required. Children and staff will regularly rehearse our emergency procedures, including different lockdown measures to ensure their safety and wellbeing.

PURPOSE

We aim to minimise the risk of harm, ensuring the safety of children, educators, families and visitors of the OSHC Service in the event of a threatening or emergency situation.

SCOPE

This policy applies to children, families, staff, management, Approved Provider, Nominated Supervisor, students, volunteers and visitors of the OSHC Service.

IMPLEMENTATION

Our OSHC Service's Emergency Management Plan (EMP) outlines emergency management arrangements. Within the EMP we have set procedures to follow in the event of any emergency requiring evacuation or lockdown. These procedures comply with regulatory requirements and are consistent with recommendations by recognised authorities. They are designed to ensure an efficient, safe, and calm procedure for all children, staff, families, and visitors.

DEFINITIONS

Within education and care services there are three types of lockdowns that may be required to be implemented in an emergency situation. During an emergency, it may be necessary to implement a combination of measures. [Emergency and evacuation- Policy guidelines](#) - ACECQA 2023

Lockdown: a security measure taken during an emergency to prevent people from **leaving or entering** a building or premises until the threat or risk has been resolved. This may be implemented when an external and immediate danger is identified and children and staff should be kept safely inside the building. For example:

- Potentially dangerous unwanted or uninvited intruder
- Potentially dangerous person due to intoxication or substance abuse
- Receiving an emergency services warning about a reported incident or civil disturbance

Lockout: a security measure taken during an emergency to prevent people from **entering** a building or premises until the threat or risk has been resolved. This may be implemented when an internal or immediate danger is identified and it is determined that children and staff are to be **excluded** from the premises for their safety. The OSHC Service will evacuate children, staff, visitors and families to a pre-identified evacuation point as identified in the EMP. For example:

- Internal fire or flood damage to the building
- severe storms
- extreme smoke from a local or distant bushfire
- gas leak
- Chemical or hazardous substance spill

Lock in- (Shelter in place): a security measure taken during an emergency to prevent people from **leaving** a building or premises until the threat or risk has been resolved. This may be implemented when an incident occurs outside the OSHC Service and emergency services determine the safest course of action is to keep children, educators and staff inside a designated building in the Service until it is safe to return to normal operation. For example:

- unidentified dangerous animal or insects
- natural disaster (severe storm)
- aggressive visitor or person within the community.

THE APPROVED PROVIDER/MANAGEMENT/NOMINATED SUPERVISOR WILL:

- ensure obligations under the *Education and Care National Law and Regulations* are met and understood by all educators and staff
- ensure the nominated supervisor, management, staff, educators comply with this policy
